## About

The Legendary Women Artists of Venice Award was established in 2018 in honor of Women's History Month. The awards recognize the contribution of women to the arts and their profound impact on society. The awards are presented by the Venice Art Crawl and Venice Chamber of Commerce.

The Legendary Women Artists of Venice and Emerging Artist Awards are presented to female artists whose life and work exemplify the Venice Art Crawl's mission of creating community through art, education, and social activism. Awardees highlight the benefits of unique expression, collaborative initiatives, and creative workspaces. These amazing women uphold the legacy of feminist art history and theory across multiple art disciplines and meet the criteria of considerable accomplishment and contribution to the arts in the Venice community.

## Representation Matters

Equity, Inclusion & Parity: they aren't just buzzwords or requirements for corporate hires. Art is an expression of the outer world. How are we storytelling and who's controlling the narrative?

Women inherently face institutional obstacles; only 14% of living women artists are represented in galleries nationwide. Women are dramatically undervalued – between 2008 and 2019, more than \$197 billion was spent on art at auction. Of that, work made by women accounted for just \$4 billion–around 2 percent. Women earn 75% of bachelor of fine arts and master of fine arts degrees in the states, and yet only 46% of working artists are women.

- 74¢ to the \$1 amount made by women visual artists, despite making up nearly half the population of visual artists in the U.S.
- Of the 3,050 galleries in the Artsy database, 10% do not represent a single woman artist, while only 8% represent more women than men. Almost half represent 25% or fewer women.
- Data analysis shows that collections of 18 major U.S. art museums were 87% male and 85% white.
- At the Art Basel Fairs (Basel, Miami & Hong Kong) women made up less than ¼ of artists on view in the past four years.

It's time to listen to the comprehensive experiences of our shared world, through art.

Venice Beach is a renowned artistic community; a historic haven for eminent artists, musicians, actors, and writers. Much of our identity centers around the arts – Venice is home to vibrant murals, museums, galleries, studios, and art resource centers. The Venice Art Crawl's mission is to preserve the arts in Venice. We aim to share, inspire, and promote collaboration within our community through mixers and art events. We are an all-volunteer, non-profit organization which is a committee of the Venice Chamber of Commerce.

Now in its thirteenth year, the Venice Art Crawl serves a community of 40,000+ in Venice Beach, the second-largest attraction in California next to Disneyland. Venice is famous for "weird meets iconic" and the VAC is known on the Westside for attracting folks of all ages. We encourage everyone to participate in showing, collecting, and celebrating art. Sponsored mixers, the VAC, the Legendary Women Artists of Venice Awards, and a yearly anniversary fundraiser event are powered by locals and volunteers whose involvement fosters a community bonding experience. Sponsors are welcome to support both the Legendary Women Artists of Venice awards and the Venice Art Crawl.
